ARE COMING!!!**

**What do you need to survive a
zombie apocalypse?**

Write down as many things as
you can.

- 1) In your books, draw two columns titled “needs” and “wants”. Using the list you created, fill these columns separating things you ‘need’ in an apocalypse to survive and things you ‘want’ in an apocalypse.
- 2) Now highlight the items that are naturally accessed green, and the items that are an made yellow.

Activity:

You can only choose 12 things to have with you to survive the zombie apocalypse. In pairs, choose the 12 most important items/resources and create a 'survival collage sheet'. Your sheet must clearly show what your chosen items are and you must have a picture of each one.

Remember! If you choose to have a vehicle you must also include petrol

BATTLE ANTHEM

Thriller-Micheal Jackson

The virus has spread quickly...

The virus is in your suburb. Power is out, phones are no longer working and you cannot access the internet....

How do you warn people about the virus?

How do you find your family and friends?

How do you find your way to a safe house?

In groups, design a broad radio release message to notify people about the virus and give them ideas on how to survive!

- Mention some survival items that are necessary to survive an apocalypse
- Inform the listeners about the zombie characteristics (they were mentioned last lesson)
- Give people ideas on where to go to be safe

IF ATTACKED BY A ZOMBIE ...

a) RUN

b) HIDE

c) SHOOT

d) DANCE
