Outcomes

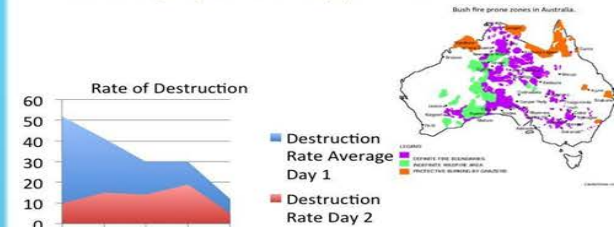

Use this webinar to implement infographics in a meaningful way in your classroom.

This will help you to increase **student engagement** and **student information, visual and technological literacy**.

What is an infographic anyway?

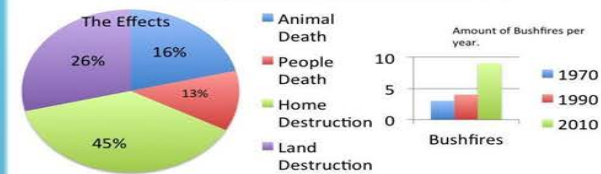

In Australia people die every year due to bush fires

Bush Fires.

The path of Destruction !!!

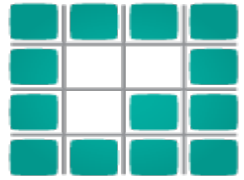

In the **first hour** of bush fires is where **50%** of the damage occurs. High **dry** winds spread

Bush fires are easy to avoid, back burning helps take away fuel from the fire and the fire department help

Student Work

What programs can you use to create infographics?

Piktochart
make information beautiful

infogr.am

easel.ly

create and share visual ideas online

vizualize.me

visual.ly

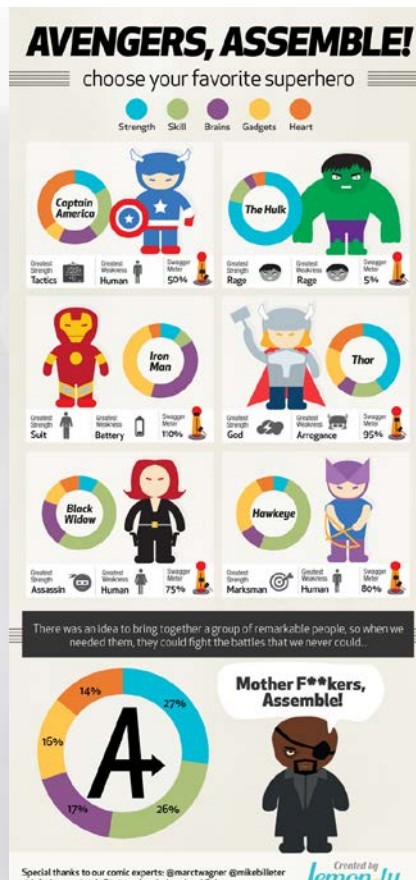

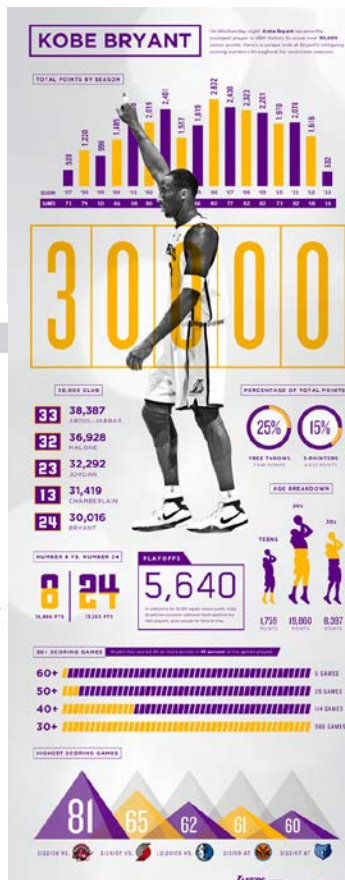

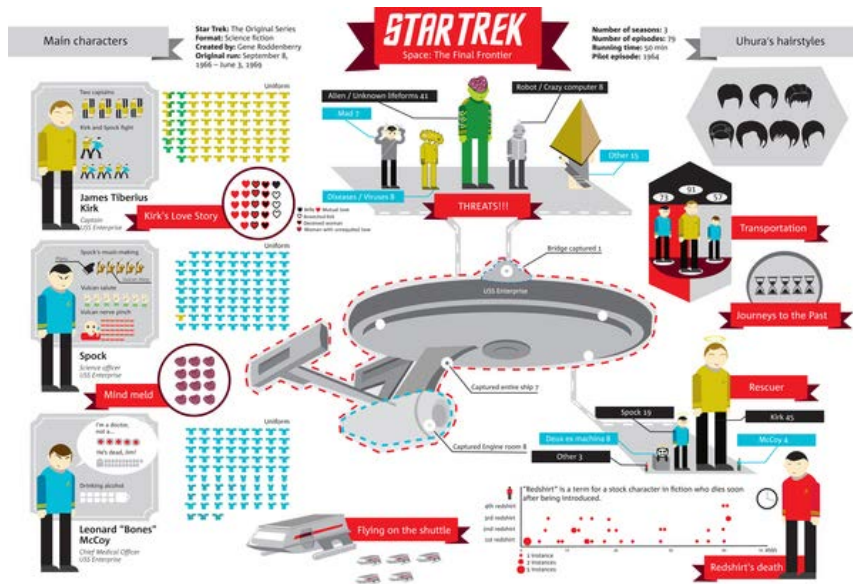

Seeing is believing.

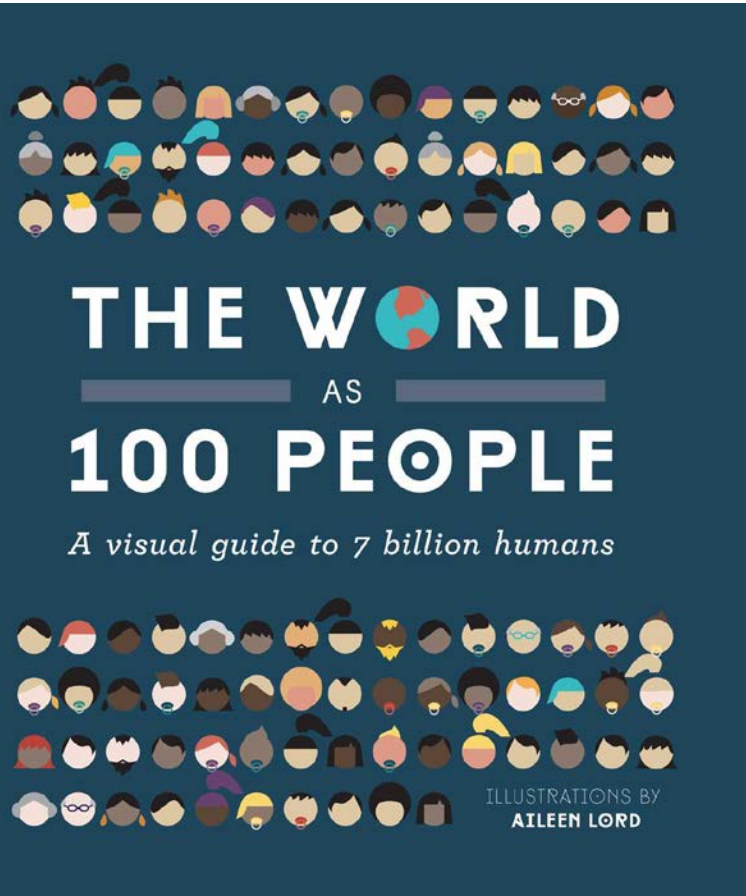

How to get students started with infographics

How to get students started with infographics

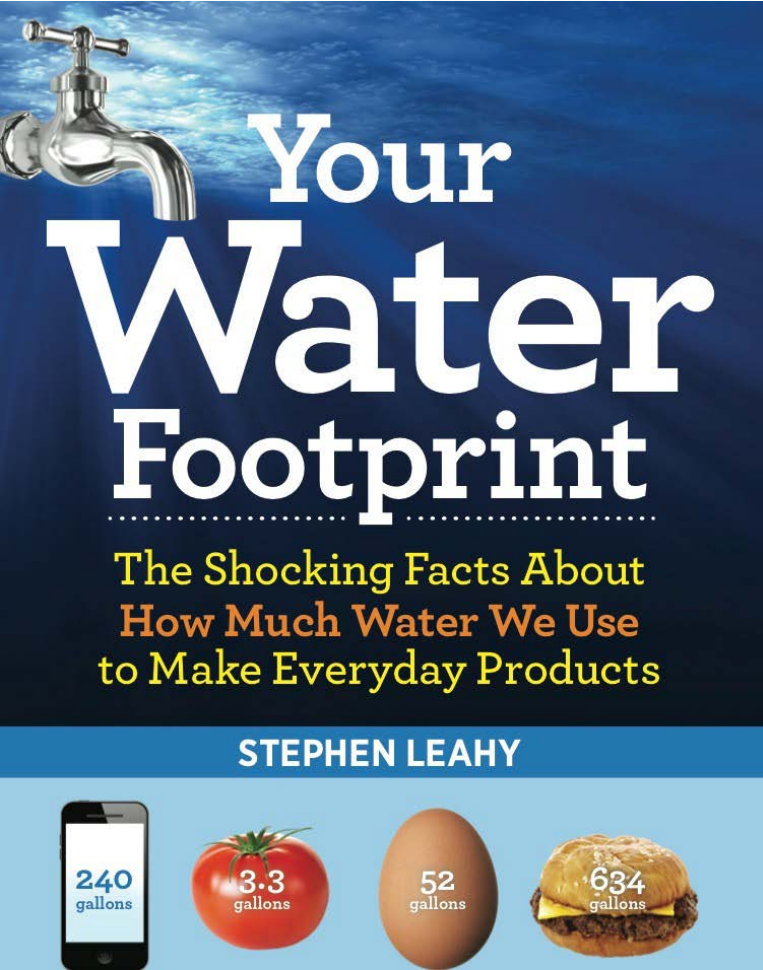

Book Recommendation

“What would the world look like if the 7 billion people on this planet were presented as 100 individuals? This beautifully illustrated and informative infographics book re-examines the world's population with fascinating and often sobering results.”

Book Recommendation

"Voted Best Science Book for it's clarity, relevance and powerful infographics, Your Water Footprint provides essential information on how to reduce your water use."

Templates and resources

- Infographics as a Creative Assessment - <http://www.schrockguide.net/infographics-as-an-assessment.html>
